PARTICIPANT EVALUATIONS & VERBATIM TESTIMONIALS

Records #1 – #5 of 25

#1 Vishnu Bandari Malla Reddy University	POWER BI INTERNSHIP PROGRAM	5/5 ★★★★★
“The Power BI Internship Program at Infinity Code Nexus was a great learning experience. The hands-on projects, practical assignments, and expert guidance helped me build strong Power BI and data analytics skills. I am thankful to the Trainer and team for their support throughout the program.		
#2 BANDI SRINIVAS MALLAREDDY UNIVERSITY	POWER BI INTERNSHIP PROGRAM	5/5 ★★★★★
“The Power BI training was highly informative and practical. It improved my data analysis and dashboard-building skills, and I gained valuable hands-on experience that I can apply in real-world projects.		
#3 Motha Bharath Kumar Malla Reddy University	POWER BI MASTER CLASS	5/5 ★★★★★
“Initially, I was not selected for the internship, but I later received an opportunity to join the program. As an AIML student, I was looking for a productive way to utilize my holidays, and joining this Power BI Masterclass turned out to be a great decision. The program provided much more value than I expected, with practical learning, hands-on project experience, and continuous guidance throughout the journey. I learned Power BI, Power Query, DAX, Dashboard Design, and Data Visualization while building a complete end-to-end project. Anand Sir's teaching style was clear, supportive, and easy to understand, which helped me successfully complete the project and gain confidence in data analytics. I am thankful to Infinity Code Nexus for providing this opportunity and would highly recommend this program to students who want to gain practical skills and real project experience.		
#4 Kothapally Aishwarya Reddy Malla Reddy University	POWER BI INTERNSHIP PROGRAM	5/5 ★★★★★
“I feel very glad to get this type of opportunity as Internship. When compared to starting i have improved a lot to create Dashboards. Now i can able to build interactive Power-Bi-Dashboards.		
#5 SIRI KONDA BHAVYA SRI Malla Reddy University	POWER BI INTERNSHIP PROGRAM	5/5 ★★★★★
“I had a great learning experience in this program. I learned Power Bi concepts such as Power Query, DAX, data modeling, and dashboard creation through practical projects. The trainer were supportive, and the sessions were informative and engaging. This program helped me strengthen my data analytics skills and confidence.		

#6 **Bandirala Sai charan**

Pallavi Engineering College

POWER BI INTERNSHIP PROGRAM

5/5 ★★★★★

“ This internship was an incredible catalyst for my growth as a data professional. Working on real-world datasets helped me bridge the gap between theory and industry practice. I learned how to transform messy, raw data into clean, actionable insights using Power BI, completely changing how I approach data storytelling

#7 **K. Pushpa Meghana Ganga**

Mallareddy university

POWER BI INTERNSHIP PROGRAM

5/5 ★★★★★

“ The learning experience in this program was excellent and highly practical. The curriculum was well-structured, covering Power BI, Power Query, DAX, Data Modeling, and Dashboard Design with real-world projects. The hands-on assignments helped me build confidence in analyzing data and creating interactive dashboards. The Trainer provided clear explanations and continuous support throughout the program. This experience significantly enhanced my data analytics skills and prepared me to work on industry-level projects. I am grateful for the knowledge, guidance, and opportunities provided through this program.

#8 **Aaluri Varun Kumar Chary**

Pallavi Engineering College

POWER BI INTERNSHIP PROGRAM

4/5 ★★★★★

“ My Power BI internship with the institute was an incredible experience. The program provided hands-on project training that helped me master data visualization and DAX formulas easily. The faculty and placement teams are extremely supportive, making it the perfect launchpad for anyone looking to enter data analytics. Highly recommended!

#9 **SAMPENGA SAI DURGA**

Malla Reddy University

POWER BI INTERNSHIP PROGRAM

5/5 ★★★★★

“ My experience with the Infinity Code Nexus (ICN) Power BI Program was truly rewarding and insightful. The program provided a perfect balance of theoretical concepts and practical implementation, helping me develop strong skills in Power BI, Power Query, DAX, Data Modeling, and Dashboard Development.

The hands-on approach, live project work, and mock project reviews gave me valuable real-world exposure and significantly improved my confidence in building professional business intelligence solutions. Through this program, I successfully developed a comprehensive School Infrastructure & Enrollment Analytics Dashboard, which enhanced my analytical thinking and problem-solving abilities.

I would like to express my sincere gratitude to Mr. Anand Kumar Anamaina for his exceptional guidance, mentorship, and continuous support throughout the learning journey. His practical teaching methodology and encouragement played a vital role in my successful completion of the project.

I highly recommend this program to students and aspiring data analysts who want to gain industry-relevant skills and hands-on experience in Power BI and Data Analytics.

POWER BI INTERNSHIP PROGRAM

5/5 ★★★★★

“ This program helped me improve my skills in Power BI, DAX, Data Modeling, and Dashboard Development. The real-world data. I appreciate the guidance and support provided throughout the training.

#11 Macha Ramyasree

Malla Reddy University

POWER BI INTERNSHIP PROGRAM

5/5 ★★★★★

“My learning experience with Infinity Code Nexus was excellent. The program provided hands-on training in Power BI, data analysis, DAX, and dashboard development, helping me build confidence and complete my first end-to-end analytics project successfully. I am grateful to my mentor, Mr. Anand Kumar Anamaina, for his guidance and support throughout the journey.

#12 D.Usha Arvishi

POWER BI INTERNSHIP PROGRAM

5/5 ★★★★★

“I had a wonderful learning experience throughout this Power BI program. The training sessions were highly informative, practical, and easy to follow. The trainer explained concepts clearly and provided excellent support during projects. Through hands-on exercises, mini projects, and the final project, I gained valuable skills in Power BI, DAX, Power Query, data modeling, and dashboard development. This program significantly improved my confidence in data analytics and business intelligence. I would highly recommend this program to anyone looking to build strong Power BI and data visualization skills.

Malla Reddy University

POWER BI INTERNSHIP PROGRAM

5/5 ★★★★★

“Thanks to Infinity Code Nexus, I feel the course was really worth of money and time. The teaching of trainer is easy to follow up and clear to understand and helped to learn the skill of Data Analysis through the Power Bi tool. The team and trainer were very supportive and helped everyone whoever enrolled for this course.

Malla Reddy University

POWER BI INTERNSHIP PROGRAM

4/5 ★★★★★☆

“Before joining this program, I had no knowledge of Power BI and very little understanding of what data analysis actually was. Throughout the program, I learned how to work with data, create interactive dashboards, and generate meaningful insights using Power BI. The hands-on projects and guidance helped me discover a genuine interest in data analytics. Today, becoming a Data Analyst is one of my dream career goals, and this program played a significant role in inspiring and preparing me for that journey. I am truly grateful for this learning experience.
